reflecting memories

e-Newsletter, Issue 5th, March 2021- March 2022

Principal's Message

**Success does not lie in "Results" but in "Efforts"
"Being" the best is not so important "Doing" the best is all that matters....**

I am extremely delighted to present the fifth issue of e-Newsletter 'talkBACK' released by SSDWIT for the session 2021-22. The college has made tremendous progress during this period in areas like academic, non-academics, capacity building relevant to students and staff. Genuine concern of SSDWIT is to ensure students' emotional growth along with intellectual excellence and I am confident that this issue of newsletter will send a positive signal to the staff, students and all

other persons who are interested in the technical education and technology based activities. A newsletter is like a mirror which reflects the clear picture of all sorts of activities undertaken by an institute. Students have exhibited a great zeal and enthusiasm and have contributed significantly to the inter and intra college activities like seminars, workshops, conferences, placement programs, technical and cultural events etc.

I express my deep sense of gratitude to our worthy management under whose guidance this tenacious work has been undertaken and completed within the stipulated period. My congratulations to the editorial team who took the responsibility for this arduous task most effectively. I also congratulate staff members and students for their fruitful efforts. I am hopeful that this newsletter will not only develop the taste for reading among students but also develop a sense of belongingness to the institution as well.

With best Wishes.

Dr. Neeru Garg
Principal
SSDWIT, Bathinda
