I also congratulate the editorial team and teachers for the job well done because for an institution to prosper, it is not only the quality of students but also the efforts made by the enthusiastic, selfless and sincere teaching faculty.

Teachers impart not only academic knowledge but also inspire students to become better human beings. On this special occasion, I convey my warm wishes to the students, teachers and staff. It is my prayer that the SSDWIT will continue to climb the ladder of success in years to come.
